### AEROSOL INSTANT SHINE

Looking for a fast worker? It's here — fast-drying dressing for vinyl, rubber, plastic, painted interior and exterior surfaces. Fortified with silicone.

- SP6081AI 12 Oz. Aerosol Can - 12/Case**

The SERVICE PRO Paint Correction System produces a perfect finish for either an express detail or for applying your favorite wax. This new automated procedure takes the hard work out of "claying" by hand, producing a dynamic new car shine. Using a random oscillating polisher and a SERVICE PRO clay pad, smart operators eliminate rail dust, paint overspray, bugs, road tar and more in just minutes. It is perfect for cleaning and polishing all painted surfaces, plastic parts, chrome, glass and more.

**Step #1**  
Start with a warm clay bar (SP6108AI or SP6109AI) pressed into a flat round shape. Push firmly into a clean clay pad holder (SP6107AI) and attach pad to polisher (SP6143AI).

**Step #2**  
Spray either silicone detailer (SP6110AI) or water-base detailer (SP6111AI) onto a cool, clean vehicle surface. Working within a 3' x 3' area, run the polisher in both horizontal and then vertical strokes, applying medium pressure.

**Step #3**  
"Clay" the entire vehicle, including the glass, chrome, mirror backs, plastic cladding and light lenses. Reapply liquid detailer often to lubricate clay and pad.

**Step #4**  
Wipe vehicle clean using micro fiber towels (SP6149AI). Buff by hand to a gleaming showroom shine. Top off with your favorite wax or glaze if desired.

**LIGHT-DUTY CLAY BAR**

Gray Clay (fine) is the surface 200-gram bar that safely eliminates rail dust and minor paint overspray on all automotive paint finishes. For best results, use with SP6110AI or SP6111AI. Gray color.

**SP6108AI 12 Pack**

20-GRAM BAR

**WATER-BASE DETAILER**

Water-Base Detailer clear liquid contains no silicone, wax or hazardous ingredients. Use as a clay lubricant. Works great on all painted surfaces. Body shop safe.

**SP6111AI 1 Gal. - 4/Case**

**MEDIUM-DUTY CLAY BAR**

Purple Clay (medium) is the surface 20-gram bar that removes paint imperfections, oxidation or weather damaged finishes. Is more aggressive than the Light-Duty Gray bar. For best results, use with SP6110AI or SP6111AI. Purple color.

**SP6109AI 12 Pack**

**CLAY PAD HOLDER**

Designed to hold 180-gram or 200-gram bar. Velcro backed to work with all 6" random orbital polishers. Cuts labor time in half!

**SP6107AI 24 Pack**

**SILICONE DETAILER**

Contains a water-based silicone, producing a dynamic showroom shine. Removes buffing throw-off. An excellent clay lubricant. Works on paint chrome, glass, including dark vehicles, without streaking. Developed as a spray-on, wipe-off formula. Blue color.

**SP6110AI 1 Gal. - 4/Case**

**SP6113AI 5 Gal. Pail**

**FINE COMPOUND**

Fast working cleaner and polish designed to even-out color tones, surface imperfections and light oxidation. Removes fine overspray. Body shop safe. Use Pad SP6133AI.
